

FROM THE EDITOR IN CHIEF

Educational programs continue to be organized by Turkish Geriatrics Society. The main theme of 14 th Basic Geriatrics Course was “Rationale Drug Use in Elderly” and the course was held in 26-28th May, 2022 virtually.

These courses provide not only participation in conferences, but several scientific source materials and books as well.

Open access books prepared by the Scientific Board of the Turkish Geriatrics Society are available on the association’s web page.

Web page: www.turkgeriatri.org

Books (in Turkish):

Rational drug use in elderly (2022)

Telemedicine for older persons (2021)

Older age group in the Covid-19 pandemic (2020)

The board of directors is honored to invite you to the coming scientific courses.
